16. Special Handling Instructions and Additional Information

17. Generator's Certification: I hereby declare that the contents of this container are fully and accurately described above by EPA, including name and are otherwise marked, tagged, and labeled, and are in all respects in proper condition for transport by air, sea, or water in accordance with the applicable national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the maximum extent practicable and that I have selected the practical method of treatment, storage, or disposal which minimizes the potential for human health and the environment. If I am a small quantity generator, I have made a good faith effort to minimize in volume generation and select the best waste management method that is available to me and that I can afford.

19. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations. If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment. OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
